

CONTENTS

Preface	III
Detailed Conference Program	IX
Welcoming Address of the General Secretary of ICSOBA	XV
»Science, technology and development«, Opening Address by the Hon. <i>Dudley Thompson</i> , Minister of Mining of the Government of Jamaica	XVII
<i>A. V. Sidorenko, V. A. Tenjakov</i> — Bauxite formation in the geological history of Earth	1
<i>G. de Weisse</i> — Bauxite genesis and limestone alteration	7
<i>Gy. Bárdossy</i> — The role of tectonism in the formation of bauxite deposits	15
<i>E. Schroll</i> — Trace elements in kaolinities and bauxites in relation to their genesis	35
<i>S. Ordoñez, F. Mingarro Martin</i> — Conceptual diagrams in bauxite ores genesis	43
<i>S. Ordoñez, J.L. Amoros</i> — Textural aspects in bauxites	49
<i>S. Grandić</i> — Tectonic evolution of Upper Cretaceous and Paleogene bauxite deposits in External Dinarides	55
<i>V. G. Hill</i> — Syngenetic and diagenetic changes in Jamaica bauxite deposits	67
<i>P. K. Ramam</i> — The East Coast bauxite deposits of India	81
<i>B. Sinkovec, D. Šiftar</i> — Types and origin of gibbsite in bauxite deposits of Croatia, Yugoslavia	91
<i>D. Dragović</i> — The genesis problems of »white bauxite« deposits in Montenegro (Yugoslavia)	99
<i>Z. Maksimović, G. de Weisse</i> — Geochemical study of an overturned bauxite deposits in Les Codouls (S. France)	109
<i>Z. Maksimović</i> — Geochemical study of the Marmara bauxite deposit: Implication for the genesis of brindleyite	121
<i>S. Vujec, D. Zeljković, B. Perić</i> — Experiences in underground bauxite mining in the area of Jajce, Bosnia (Yugoslavia)	133
<i>H. H. Murray, S. Walker</i> — Magnetic separation: A process to beneficiate bauxite	143
<i>D. Salatić</i> — Floatability of boehmite and kaolin with anionic collectors	151

<i>R. Krstulović, J. Perić</i> — Bauxite quality evaluation by chemical analysis	161
<i>G. E. Davis, Myrie deFour, J. A. Adams, P. A. Lyew-Ayee</i> — Characterizing Jamaican bauxite of mixed alumina trihydroxide mineralogy by X-ray diffraction, infrared, BET and thermal techniques	171
<i>N. J. Kerkhof, J. L. White, S. L. Hem</i> — A pH-stat titration technique for measurement of amorphous aluminum hydroxide in bauxite and soils	183
<i>R. E. Grim</i> — World-wide kaolin resources	193
<i>A. A. Winer, D. H. H. Quon</i> — Non-bauxite sources of alumina in Canada: Extraction of alumina from anorthosite by alkali sintering	209
<i>Pei-Yuan Chen, J. G. Liou</i> — Chloritoid rock, a possible metamorphosed aluminous laterite deposit from Eastern Taiwan	223
<i>F. Bonfiglioli</i> — Primary aluminium in Argentina: I: A local conception	237
<i>F. Bonfiglioli, E. G. Macchiaverna</i> — Primary aluminium in Argentina. II: Possibilities of alumina obtention from domestic ores	243
<i>R. A. Johnson, W. F. Scott</i> — Limestone usage in Bayer process with linkages in other industries	253
<i>J. Zámbo</i> — Red mud: Its properties, handling, storage, and utilization	265
<i>V. G. Logomerac</i> — Complex utilization of red mud by smelting and solvent extraction	279
<i>K. Solymár, T. Ferenczi, J. Zöldi</i> — The effects of technology on the properties of red mud	289
<i>F. Orbán, M. Matula</i> — Utilization of the results of modelling red mud settling in plant design	307
<i>M. Miskei, T. Lakatos</i> — Selective extraction of sodium content from red mud using ferric sulphate generated by bacteria	317
<i>P. A. Lyew-Ayee</i> — Optimal utilization of bauxite lands in Jamaica: Policies and strategies	326
<i>G. W. Morgan, A. V. Stevens</i> — Reclamation/restoration techniques and practices at Alcan Jamaica Limited	335
<i>G. Perkins</i> — Safety aspects in the transfer of bauxite/alumina technology: The Jamaican experience	349
<i>A. Z. Mian</i> — Rising energy cost and the bauxite industry	359
Author Index	373
