

CONTENTS

Preface		III
GENERAL CONSIDERATIONS		
	<i>Original scientific paper</i>	
I' P Кирпаль — Таксонометрия бокситорудных объектов и закономерности их размещения на континентах		1
	<i>Original scientific paper</i>	
A Toth — Paleogeographic reconstruction — Bauxitic prediction — A case history from the Gerecse Mts, Hungary		11
GENETICAL PROBLEMS		
	<i>Original scientific paper</i>	
Gy. Komlóssy — Palaeogeographic implications of Karst bauxite genesis		15
	<i>Original scientific paper</i>	
A. W Ruttner — Transport in extremely acid waters and subsequent precipitation in alkaline environment — A possible way for the formation of Karst bauxites		23
	<i>Original scientific paper</i>	
I. Valetou — Alpine orogeny and genesis of nickel laterites and bauxites during Jurassic and Cretaceous in Greece		33
	<i>Professional paper</i>	
N Özlu — New facts on diaspore genesis in the Akseki-Seydisehir bauxite deposits (Western Taurus, Turkey)		53
SEM & EPMA INVESTIGATIONS		
	<i>Professional paper</i>	
A Csordás Tóth, I. Voros, B. Szikora, I Imre — SEM and EPMA investigations of microminerals in Iszkaszentgyorgy bauxites		63
	<i>Professional paper</i>	
E. Juhász, M Polgári — Electron-microprobe and SEM investigation of the Nemetbanya bauxite deposit		73
RARE EARTHS IN BAUXITES		
	<i>Original scientific paper</i>	
D. Dragović, P. Vukotic, S Jovanović — Lithological types and distribution of rare earths elements in white bauxite deposits of Montenegro		77

VI

GEOCHEMISTRY

- Original scientific paper*
- I. Elek — Isotope geochemical examinations on clay and bauxite with special regard to the possibility of their genetical relations 83
- Professional paper*
- I. Horvath, Z. Péter — Geochemical investigations of the Iharkut bauxite 101
- Professional paper*
- H. Schorin — Contribution to the geochemistry of trace elements in a laterite from Southeastern Venezuela 117

WEATHERING CRUSTS

- Original scientific paper*
- I. A. Vitovskaja, A. P. Nikitina — Typomorphism of minerals as an indicator of ore-bearing weathering crusts 129

HYDROLOGY

- Professional paper*
- H. R. Pollack, E. Szabó — Waterhazard types of lateritic-bauxitic plateaux 139
- Professional paper*
- I. Kis — Designing water level reduction by computer programing in Nyirád Plant of Bakony Bauxite Mines 149

DATA PROCESSING & GEOSTATISTICS

- Professional paper*
- G. Joly, Ph. Jacquin — Comprehensive modular data processing package: From geostatistics to mine operation 157
- Professional paper*
- F. Brokés, K. Tóth, J. Knauer — Computational system for field-geological descriptions worked out by Hungalu Prospecting Co., Balatonalmádi, Hungary 163
- Professional paper*
- B. Fodor, V. Lengyel, F. Rapp, Gy. Bárdossy, A. Bárdossy — Application of geostatistical methods in Hungarian bauxite mining and mining geology 167

EXPLORATION

- Professional paper*
- I. Balogh, L. Nyerges — Recent results and ways of improvements of well logging methods applied in bauxite exploration 181
- Professional paper*
- J. Haas, E. Jocha-Edelenyi, A. Tóth, J. Knauer, K. Tóth, F. Szantner, M. H. Koncz — Bauxite forecast maps of The Transdanubian Central Range: Principles of compilation and possible uses 191
- Professional paper*
- L. Szabadváry, F. Szantner, K. Kakas, L. Nyerges, Z. Szörényi, I. Farkas — The use of multi-frequency electromagnetic measurements in bauxite prospecting in Hungary 201

- Professional paper*
- K Daskalakis, I. Mészáros, G. Rezessy, Z. Szorényi, L. Szabadváry** —
Experimental electromagnetic bauxite prospection in the Helicon
Mts, Greece 209

MINING TECHNOLOGY & DESIGN

- Professional paper*
- J. Regnier** — Mechanization in Aluminium Pechiney's French bauxite
mines 219
- K. Wisnovszky** — Bauxite mine designing in Hungary 225

- Professional paper*
- J. Gebhardt, T. Orbán** — The development of bauxite mining in Hun-
gary with regard to geological circumstances 231

- Professional paper*
- K. Kreischer, E. Lohrmann** — Features of mining technology applied in
Iszkaszentgyörgy bauxite mines 241

PAPER NOT DELIVERED AT THE SYMPOSIUM

- Original scientific paper*
- P. Bildgen, J. Boulegue, A. Simonin** — Spectral signatures analysis from
bauxitic laterites and karstic bauxites Application to the research
of aluminous ores by remote sensing 251

LITERATURE REVIEW

- Principles of quantitative X-ray fluorescence analysis by R. Tertian & F.
Claisse (*J. L. White*)
- Les formations latéritiques de Côte d'Ivoire par B. Boulangé These Doc-
teur ès Sciences Paris 1983 (Représentation de l'auteur)
