

Contents

Preface.....	I
Contents.....	III

GENERAL

B.Legrand*- Aluminium industry: the challenges ahead.....	1
M. Karamihas*- The outlook for bauxite, alumina and aluminium.....	11
P. Paschen * - The future of bauxite, alumina and aluminium - Questioning the Oracle of Delphi?.....	17
M. Karmis, S. Barker* - Looking forward: Some thoughts on mining's changing complexion.....	27

BAUXITE

R. E. King, R. L. Lewis* - Bauxite mining: A synergistic opportunity (for business and government).....	43
T. Böröczky, Á. Kovacsics, G. Varga - Medium-range mine closing plans of the Hungarian bauxite mining and new results of bauxite exploration.....	53
U. Happel, J. Hausberg, F. M. Meyer, N. Marino - The variation of ore grade distribution in the Los Pijiguaos bauxite deposit, Venezuela: A computer aided model.....	63
P. N. Martens, H. Koch, M. Mistry, M. Röhrlich, K. Kugeler, Z. Alkan, S. Briem, M. Dienhard, R. Quinkertz - A method to calculate the Cumulative Energy Demand (CED) in bauxite extraction - A case study.....	73
A. Papoutes - Beneficiation plant for fine bauxite in Silver & Baryte Ores Mining Co.S.A	85
V. A. Lipin - Grindability of bauxite as quality criterion.....	89
J. Hausberg, U. Happel, F. M. Meyer - Resource-orientated assessment of bauxite- quality: Effects on alumina production.....	97
L. Sticlaru - Economic outlook of bauxite, alumina and aluminium industry in Romania.....	107

ALUMINA

I. Paspaliaris, O. Dimitropoulou, E. C. Papadopoulos* - Computer-aided analysis, The Bayer process.....	113
--	-----

*Keynote plenary papers

IV

S. K. Barghava - Removal of organics from Bayer liquor-A scientific challenge.....	131
D. J. Papanastassiou - Research directions for improved digestion of Greek diasporic bauxites.....	137
D. Panias, I. Paspaliaris - Precipitation of boehmite from the Bayer liquors: An innovative and promising route for alumina production.....	147
V. G. Teslia, V. M. Siziakov, Y. A. Volokhov, A. E. Isakov - Influence and mechanism of different impurities action on the process of $Al(OH)_3$ crystallisation from the aluminate liquors.....	157
I. V. Davidov, V. P. Borovinsky - Modernisation of cone-cylindrical precipitators to reduce energy expenditures during the precipitation process.....	167
I. V. Davidov, V. P. Borovinsky, E. V. Mikheev, A. G. Olenin - Combination of aluminate liquor decomposition process and aluminium hydroxide suspension classification in the “tail” precipitators.....	171
J. V. Domansky, I. V. Davidov, V. P. Borovinsky, E. V. Mikheev - Distribution of polydispersed solid phase within the height of the device with an agitator.....	177
V. M. Siziakov, E. A. Isakov, A. A. Kuznetzov - Scientific basis and technology of complex semiproducts processing from alumina production.....	183

ENVIRONMENT

G. Kremlis* - The significance of current Community Environmental Legislation as regards extraction of bauxite and production of aluminium.....	191
C. Bauer, P. Sliwka - Environmental aspects of material flows on different scales.....	199
C. Cassios, A. Kefalas, S. Peppas - How far can land reclamation from bauxite mining can go.....	205
J. Michalelis, Ch. Mermiris - Mine reclamation in limestone environment at the geotectonic zone of Parnasse-Ghiona.....	211
Gh. Dobra, N. Panait, D. Condeiu - The level of evaluation of the industrial pollution and ecological impact at S.C. ALRO S.A. Slatina, Romania.....	215

ABSTRACTS OF POSTERS

I. Bodrogi - The stratigraphic and plate tectonic position of the Harsányhegy bauxite formation (Villány Mts. Hungary).....	221
D. Lazić, Z. Živković, D. Grujić - Influence of lime addition on Al_2O_3 and Na_2O losses in red mud during the leaching of boehmite bauxites.....	223
N. Panait, P. Moldovan, G. V. Ghica - The mechanism of the interactions in the system of $MeO-CaO-R_2O$ and their influence on Al_2O_3 extraction from thermoelectric power station's coal ash.....	225

*Keynote plenary papers

ANNEX

U. Kyriacopoulos - Opening Address.....	227
A. Papathanassopoulos - Opening Address.....	229
G. Komlóssy* - ICSOBA: Past and future at the turn of this century.....	231
M. Karamihas - Short review on the 12th International Symposium of ICSOBA.....	237

*Keynote plenary papers
