INDEX

Bauxite reserves for the world alluminium industry
P.A. Lyew-Ayee pag. 1

Alumina refineries of the next decades
K. Solymár 2

ALUSAF leads the way... A new smelter for the new
South Africa and a benchmark for the world
R. Barbour 16

BAUXITE AND OTHER ALUMINIUM RAW MATERIALS

Geological background of bauxite forming (Karst and Laterite)
G. Komlóssy 24

Geology, geochemistry and origin of the schugorsk bauxite deposit,
middle timan, Russia
L.E. Mordberg 35

Typology and genetic model of Jajarm bauxite
F. Rahimzadeh 43

Chemical and mineralogical composition of Alamut bauxite deposit
in qazvin area and comparing it with known bauxites in Iran
S. Rouzbeh-Kargar 50

Bauxite exploration and exploitation in Daboia area in Guinea
(West Africa)
M.Z. Oskouee 56

The bauxites of the northern margin of the dinarides carbonate
platform (area of Jajce, Bosnia)
I. Dragicevic 64

Bauxites from the Kruja Zone (Albania): position, origin, composition
and environment
L.H. Peza, J.K. Novák 74

Environmental protection and restoration techniques in bauxite mining.
The case of Bauxite Pamasse in Greece.
A. Kefalas 84

ALUMINIUM

Possibilities for refining of recycled aluminium alloy scrap
W. Keller, P. Paschen 90

The economic, ecological and technical challenges to the
recycling of aluminium
G. Kirchner 96

**ALUMINA**

Features of iron-bearing minerals of bauxite and influence thereof on the bayer process
A.G. Suss, A.V. Panov, I.V. Paromova, E.P. Kovalenko 393

Changes of the humic substances in alkaline-aluminate liquor of the bayer process
A.G. Suss, A.V. Panov, E.P. Kovalenko, A.I. Popov 399

Effective methods of complex wastefree nepheline and alunite ores processing based on new VAMI Ltd technology
G.Z. Nasyrov, V.V. Pivovarov, S.Y. Dantzig, V.A. Lipin 404

The features of synthesis and special characteristics of pseudoboehmite, prepared by different methods in alumina production
V.A. Lipin, A.A. Kuznetsov 413

Problems of complex processing of nephelines under the conditions of market economy
V.M. Siziakov, E.A. Isakov, A.A. Kuznetsov 422
Alumina plant process monitoring - a tool for plant status evaluation and technological assessment
H.K. Chandwani, V. Vishwanathan, S. Dusgupta pag. 431

Abatement of quality problems in alumina production through process monitoring
P.K. Maitra 438

ALUMINIUM

Operational experiences and environmental protection of the 230 kA cells at the Slovalco smelter
S. Tesá, T. Druga, M. Koniar 453

Emission control technologies within the primary aluminium industry
G. Wedd, E. Nicolaysen 463

Movement of fluoride gases monitored by means of computer-programmed balance of materials in electrolysis of aluminium
A. Visekruna, R. Krstulovic, D. Rusic, I. Vojnovic, J. Peric 475

The effect of reduced emissions on aluminum electrolysis process
H. Albers, H.-C. Wrigge 485

Life cycle assessment - an effective tool for system improvement in the aluminum industry
J. Gediga, M. Schuckert, H. Florin, P. Eyerer 493

Life cycle assessment - a tool between industry and policy
B. de Gelas 504

Wettability of graphite by cryolite melt with different oxide additions
L. Bolyán, G. Kaptay, S.V. Devyatkin 510

Experimental research regarding the obtaining through casting of some aluminium based alloys used in aerospace industry
M. Vasilescu, I. Vasilescu 520

BAUXITE AND OTHER ALUMINIUM RAW MATERIALS

Prospects of bauxite export from west coast of India
A.K. Nandi, A.M. Kulkami 528

Geology of the bauxite deposits in Iran
N. Abedian 541

Alunite deposits of the earth: origin, evolution, industrial utilisation
A.Z. Vdovets, G.Z. Nassyrov 543

Polystage bauxites and nickeliferous laterites of the north onega region, Russia
E.N. Nesterova 553
Trace elements in some turkish bauxites and their significants in formations
F. Suner  pag. 559

Production of special grade bauxites and export quality ore by de-ironing eastern ghats bauxite of India
A.K. Nandi, P.V.R. Murthy  569

Present condition of bauxite base and ore extraction in Russia
G.G. Lomonosov, E. Kuzmin  579

Alumina

Use of Bayer process residues in various industrial applications
J. Mordini, G. Tilmant  583

New heating scheme of autoclave batteries for bauxite digestion and some others chemical processes
V.M. Tirtishny, N.N. Tikhonov  594

Thermal behaviour of low-grade high-silicon boehmite bauxite
Z.D. Zivkoivc, N. Strbac  598

Attrition testing of alumina in supply prequalification activities
S. Perra  603

Red mud settling evaluation at Alcan
G. Peloquin  613
